

Typical Quick Serve Restaurant Construction - THE FBS SPEED DIFFERENCE

- Tasks Not Associated With FBS Comparative Difference
- Tasks On Critical Path WITH FBS Installation
- Tasks On Critical Path WITHOUT FBS Installation

SCHEDULE NOTE: The purpose of this schedule is to outline, historically, what can be realized as a build time savings and reorganization of activities when utilizing the FBS system. With that said, all construction projects have unique constraints and challenges. The task sequencing and durations shown in this chart may not necessarily be appropriate for your specific project.
