

Perham, MN McDonalds STR

New Construction

Project Summary:

This project was a new construction Small Town Retail designed to match McDonald's design. One side is a McDonald's and the other side is a small retail store. The exterior finishes selected were Brickwal and Dryvit in color schemes to match the McDonald's concept.

Meet or Exceeding Owners Goals, Values and/or Expectations:

The owner on this project hired Alliance Building Corp to be the GC. Alliance Building Corp was impressed with the high quality and ease of working with the FBS building package. FBS provided the full furnish and install package including walls (interior & exterior), steel, drive-thru, roof system, trellis and all exterior finishes.
